Temporary web edition | Prepared for investor onboarding

Welcome to AIF

The Africa Investment Forum is a transaction-focused marketplace connecting global capital with curated, high-impact opportunities across Africa.

WHY INVEST THROUGH AIF

A trusted route to opportunity

- Access vetted, investment-ready projects across strategic sectors and regions.
- Engage directly with project sponsors, governments, and decision-makers.
- Explore co-investment opportunities supported by trusted development finance institutions.
- Use a structured platform designed to accelerate discussions and transaction progress.

MARKETPLACE MODEL

01

Curated projects

Opportunities are identified, assessed, and prepared for relevant investor interaction.

02

Targeted matchmaking

Investor interests are aligned with sectors, projects, and strategic partners.

03

Focused engagements

Meetings and boardrooms create space for detailed investment discussions.

04

Deal advancement

Follow-up support helps maintain momentum toward financing outcomes.

From registration to deal engagement

The onboarding process is designed to provide a clear, efficient route into the AIF platform and its ecosystem of opportunities and services.

01

Register and onboard

Complete a secure profile covering investment interests, sector focus, geography, and engagement objectives.

02

Access the platform

Review project profiles, documentation, market intelligence, and relevant sector information.

03

Review opportunities

Assess commercial viability, readiness, development impact, risk profile, and funding needs.

04

Schedule engagements

Arrange targeted meetings with sponsors, governments, partners, and co-investors.

05

Join Market Days

Participate in curated boardrooms, project discussions, negotiations, and partnership engagements.

06

Advance the deal

Continue due diligence, follow-up discussions, and coordination toward investment execution.

Governance, services, and next steps

AIF combines structured engagement with professional standards intended to strengthen transparency, confidence, and the overall investor experience.

INVESTMENT PROCESS AND GOVERNANCE

Designed for informed decisions

- Project sourcing and initial screening for alignment, readiness, and investment potential.
- Technical assessment and project preparation support across the AIF ecosystem.
- Risk identification, mitigation measures, and coordination with relevant institutions.
- Confidentiality, integrity, and compliance protocols for professional engagement.

INVESTOR SERVICES

- Dedicated investor relations support and platform onboarding.
- Opportunity identification, matchmaking, and meeting coordination.
- Access to sector insights, market intelligence, reports, and project information.
- Continuous communication before, during, and after Market Days.
